Public Meeting

Fort Thomas Recreation Committee of Council

Wednesday, February 26, 2020 at 6:30 pm

Community Center/Mess Hall in Tower Park

The Fort Thomas Recreation Committee of Council and City staff will be presenting a comprehensive update of progress toward implementation of initiatives within the City's adopted Community Plan related to parks and recreation. As we navigated through the process of creating and adopting the community plan, many residents volunteered on committees, participated in surveys and provided much needed input at public meetings. We are excited that we are quickly moving toward the next steps of implementation, and we look forward to continued citizen involvement.

The presentation will provide an overview of the Community Plan, details of planned projects, progress of current projects, and projection of future projects. Then, we would like to have a discussion exploring the potential formation of a citizen advisory committee that would assist with future guidance for planning, implementation and maintenance of park related amenities and programming. It is a great opportunity for individuals to learn about progress in our parks and shape the future of our parks and all related activities.

Please plan to join us and share your passion for our parks as we continue implementation!

Hope to see you on the 26th .....

Eric Haas, Mayor
Jeff Bezold, Committee Chair
Ron Dill, City Administrative Officer
Chris Manning, Consultant – Human Nature
