PROCEDURE FOR HAVING A BLOCK PARTY:

After agreeing on your tentative date and time, **contact all residents on the street whose property will be affected by the blocking. Have those property owners sign their name and address, giving permission for the blocking on the date and times indicated.** An alternate "rain date" may also be selected.

This list of signatures should be turned in to the City Clerk's Office. Names will be checked and the Police and Fire Departments will be notified of your event. All residents on your street should be made aware of the necessity to provide access for emergency vehicles should that need arise. Thank you for your cooperation. We hope that your Block Party is successful!

Melissa Kelly, City Clerk
