

**ORDINANCE NO. O-07-2015**

**AN ORDINANCE PROVIDING FOR AND ORDERING THE STREET IMPROVEMENT OF ARLINGTON PLACE FROM ITS INTERSECTION WITH SOUTH FORT THOMAS AVENUE TO ITS TERMINUS; BURNET RIDGE FROM ITS INTERSECTION WITH LESTER LANE TO ITS TERMINUS; EAST SOUTHGATE AVENUE FROM ITS INTERSECTION WITH NORTH FORT THOMAS AVENUE TO ITS TERMINUS; NORTH FORT THOMAS AVENUE FROM ITS INTERSECTION WITH BELLAIRE PLACE TO ITS INTERSECTION WITH COVERT RUN PIKE; AND CHURCHILL DRIVE FROM ITS INTERSECTION WITH NEWMAN AVENUE WEST TO THE CORPORATION LINE WITH THE CITY OF NEWPORT; ALL IN THE CITY OF FORT THOMAS, CAMPBELL COUNTY, KENTUCKY, AND ALL IN ACCORDANCE WITH THE PLANS AND SPECIFICATIONS THEREOF AS SUBMITTED BY THE CITY ENGINEER, AND AS APPROVED BY THE BOARD OF COUNCIL OF THE CITY OF FORT THOMAS; AND FURTHER, PROVIDING THAT THE ACTUAL COST OF THE CONSTRUCTION OF SAID STREET IMPROVEMENTS ARE TO BE BORNE BY THE CITY FIFTY PERCENT (50%) AND THE PROPERTY OWNER FIFTY PERCENT (50%) WITH THE EXCEPTION OF NORTH FORT THOMAS AVENUE AND CHURCHILL DRIVE WHERE STREET IMPROVEMENT COSTS FOR THE CITY'S TYPICAL SECTION ARE TO BE BORNE BY THE CITY SIXTY PERCENT (60%) AND THE PROPERTY OWNER FORTY PERCENT (40%), AND PROVIDING FOR THE PAYMENT OF AN IMPROVEMENT ASSESSMENT.**

**WHEREAS**, the Public Works Committee of Council conducted a public hearing on March 24, 2015 to solicit public comment regarding proposed improvements to Arlington Place, Burnet Ridge, East Southgate Avenue, North Fort Thomas Avenue and Churchill Drive; and

**WHEREAS**, the Public Works Committee of Council recommended to the Board of Council that the city proceed with the street improvements as designed.

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF FORT THOMAS, CAMPBELL COUNTY, KENTUCKY:**

**SECTION I**

That Arlington Place from its intersection with South Fort Thomas Avenue to its terminus be improved by performing mudjacking as required to fill any voids or cavities underneath the pavement, full depth pavement repair as necessary, replacement of storm sewer inlets as necessary, construction of new 4" vertical concrete curbs, bituminous asphalt pavement surface milling, Stress Absorbing Membrane Interlayer (SAMI) installation to be applied on top of existing concrete pavement to reduce and delay reflective cracking from concrete base pavement, 2" asphalt surface to be applied on top of the SAMI, adjust/raise manholes and other utility meters and valves as necessary, driveway alignment as necessary and adjust downspout leads at the curb as necessary. The total preliminary cost estimate for this improvement is \$34,100.00 with costs being shared on a 50%-50% basis between the City and property owner. Using the front foot basis as the fair basis of assessment, the preliminary estimated cost to the City and to the property owner is \$10.43 per front foot (f.f.). Please see the attached schedule listing property description, frontages, and anticipated costs.

## SECTION II

That Burnet Ridge from its intersection with Lester Lane to its terminus be improved by performing full depth pavement repair as necessary, drainage improvements including re-establishment of ditch line, culvert improvements as necessary, slight realignment to pull edge of pavement away from a slope which is subject to landslides, bituminous asphalt pavement surface milling, installing variable depth asphalt leveling surface course averaging one and on-half (1.5) inch in depth, 2" asphalt surface to be applied on top of the leveling course, fill along edge of road with aggregate or topsoil as needed to meet edge of pavement grade, and adjust/raise manholes and other utility meters and valves as necessary. The total preliminary cost estimate for this improvement for the City's typical section is \$44,200.00 with costs being shared on a 50%-50% basis between the City and property owner. Using the front foot basis as the fair basis of assessment, the preliminary estimated cost to the City and to the property owner is \$6.72 per front foot (f.f.). Please see the attached schedule listing property description, frontages, and anticipated costs.

## SECTION III

That East Southgate Avenue from its intersection with North Fort Thomas Avenue to its terminus be improved by performing spot curb and sidewalk repair for areas that have deteriorated, mudjacking as required to fill any voids or cavities underneath the pavement, full depth pavement repair as necessary, replacement of storm sewer inlets, bituminous asphalt pavement milling, stress absorbing membrane interlayer (SAMI) installation to be applied on top of existing concrete pavement to reduce and delay reflective cracking from concrete base pavement, 2" asphalt surface to be applied on top of the SAMI, adjust/raise manholes and other utility meters and valves as necessary and adjust downspout leads at the curb as necessary. The total preliminary cost estimate for this improvement is \$25,050.00 with costs being shared on a 50%-50% basis between the City and property owner. Using the front foot basis as the fair basis of assessment, the preliminary estimated cost to the City and to the property owner is \$8.80 per front foot (f.f.). Please see the attached schedule listing property description, frontages, and anticipated costs.

## SECTION IV

That North Fort Thomas Avenue from its intersection with Bellaire Place to its intersection with Covert Run Pike be improved by performing spot curb repair for areas that have deteriorated, mudjacking as required to fill any voids or cavities underneath the pavement, full depth pavement repair as necessary, bituminous asphalt pavement surface milling, FiberMat installation to be applied on top of existing concrete pavement to reduce and delay reflective cracking from concrete base pavement, 2" asphalt surface to be applied on top of the FiberMat, pavement striping, adjust/raise manholes and other utility meters and valves as necessary, and adjust downspout leads at the curb as necessary. The total preliminary cost estimate for this improvement is \$240,100.00. However, the City will bear the additional cost of the FiberMat over the stress absorbing membrane interlayer (SAMI) and the pavement markings at 100%, which makes the preliminary opinion of construction costs for assessing purposes for North Fort Thomas Avenue \$212,500.00 with costs being shared on a 60%-40% basis between the City and property owner. Using the front foot basis as the fair basis of assessment, the preliminary estimated cost is \$17.45 per front foot (f.f.) to the City and \$11.63 per front foot (f.f.) to the property owner. Please see the attached schedule listing property description, frontages, and anticipated costs.

## SECTION V

That Churchill Drive from its intersection with Newman Avenue west to its corporation line with the City of Newport be improved by removing existing concrete pavement, reshaping and compaction of subgrade, undercutting of subgrade at soft spots, installation of Geogrid as necessary for subgrade stabilization, installation of four inches (4") of aggregate drainage blanket, installation of four inch (4") rigid perforated longitudinal and transverse under drains, installation of eight inches (8") of concrete pavement with six inch (6") concrete vertical curbs, replace driveway aprons as necessary, replace concrete sidewalk as necessary, and adjust downspout leads at the curb as necessary. The total preliminary cost estimate for this improvement is \$302,600.00 with costs being shared on a 60%-40% basis between the City and property owner (for standard resurfacing equivalency only). All additional expenditures shall be paid by the City. Using the front foot basis as the fair basis of assessment, the preliminary estimated cost to the City is \$15.86 and to the property owner is \$10.57 per front foot (f.f.). Please see the attached schedule listing property description, frontages, and anticipated costs.

## SECTION VI

That consistent with City policy regarding improvements, costs for street improvements shall be shared by the City and property owner on a fifty percent (50%) to the City and fifty percent (50%) to the property owner basis for those costs equivalent to standard resurfacing with bituminous asphalt, with the exception of North Fort Thomas Avenue and Churchill Drive as arterial streets where street improvement costs for the City's typical section are to be borne by the City sixty percent (60%) and the property owner forty percent (40%). All additional costs associated with reconstruction shall be borne by the City.

## SECTION VII

That the Board of Council shall advertise for bids in a newspaper of general bona fide circulation in the City of Fort Thomas prior to the day set for opening the bids for doing said work, said bids to be received by the City Administrative Officer at his office. Said publication shall occur not less than seven (7) days nor more than twenty-one (21) days before said date for opening bids. After said proposals are opened, they shall be transmitted to the Board of Council at their next regular meeting after proposals are received and tabulated, and all proposals shall be made as required by the specifications thereof. A contract for the work shall be let to the lowest and best bidder; however, the Board of Council may reject all bids and re-advertise.

## SECTION VIII

Upon completion and acceptance of the work under the contract, the cost and expense of same shall be ascertained, levied, assessed and apportioned to and against the said lots or parts of lots and the owners thereof, according to the number of abutting front feet of ground owned by each of them.

## SECTION IX

This ordinance shall be in full force and effect from and after its passage, approval, and publication as required by law.

APPROVED:

---

Eric Haas, Mayor

1<sup>st</sup> Reading: April 20, 2015

ADOPTED: May 18, 2015
