

Reforest Campbell County

Tree Seedling Giveaway

April 26, 2017

6:00 - 8:00 p.m.

Campbell County Extension Service
3500 Alexandria Pike, Highland Heights

There will be several types of trees to choose from, so help the environment by picking up a small seedling and planting it in Campbell County.

Unfortunately, many ash trees have been infested by the Emerald Ash Borer and have been removed from our forests and landscapes. The purpose of the tree seedling giveaway is to reforest Campbell County.
